13 February 2020

First guest speaker announced for Morison KSi International and European conference

Helen Brand - Chief Executive - ACCA

We're thrilled to announce that Helen Brand, Chief Executive of ACCA, will be speaking at Morison KSi's conference on 10-13 September 2020, at the Andaz Vienna Am Belvedere Hotel, Vienna.

Helen has built her career within professional bodies and has considerable experience and knowledge of the 179 markets in which ACCA currently operates. She is a founding member of the International Integrated Reporting Council (IIRC) and now sits as Vice-Chair on the IIRC Board. She is also a member of the University of Exeter Business School International Advisory Board and a member of the Deakin University Business School International Advisory Board.

One of the few women to lead a global professional body, Helen is a regular media commentator on the role ethics and the delivery of public value play in business and society. In 2011, ACCA became the first international professional body to publish an integrated report on its performance and Helen remains a strong advocate for the power of wider corporate reporting. She has also driven ACCA's pioneering work in supporting the development of the profession across Asia, sub-Saharan Africa, Europe and the Middle East.

Helen holds a BA in Politics from the University of Exeter. She was awarded an OBE in the Queen's Birthday Honours list in June 2011 for services to accountancy and received an honorary doctorate from the University of Exeter in December 2017.

If members require any further information on this event, please contact Rachel Phillips, Association Executive for Europe. Full booking information will be shared very soon.

Morison KSi is a global association providing quality, border-free professional services. Our 152 members are dynamic, ambitious and independent firms, specifically chosen because of the quality and energy of their people and practice. Together, we offer partner-led and cost-effective global reach across over 80 countries, representing a combined revenue of US\$903m.
